

# **Huisken Meat Company**

## **Health, Safety and Environmental Policy**

Huisken Meat Company is committed to managing health, safety and environmental matters as an integral part of our business. In particular, it is our policy to assure the health, safety and environmental integrity of our processes and facility at all times. We will do so by adhering to the following principles:

### **Compliance**

- We will comply with applicable laws and regulations. We will implement programs and procedures to assure compliance.

### **Risk Reduction, Prevention, Resource Management**

- We will seek opportunities, for reducing risk to human health and the environment.
- We will employ management systems and procedures specifically designed to prevent conditions that pose a threat to human health, safety or the environment. We will look for ways to minimize risk and protect our employees, community and environment.
- We will promote the continued development of best practices and expertise in environmental discipline to provide knowledge related to environmental sustainability.
- We will look for continual opportunities to reduce waste and engage in a constant effort to reduce our impact on the environment.

### **Communication**

- We will communicate our commitment for health, safety and environment to our employees, vendors and customers.

### **Continuous Improvement**

- The Health, Safety and Environmental Policy will be measured and monitored for opportunities for improvement.
- The entire program will be reviewed yearly.

This policy is the primary objective of the management team and the responsibility of all employees. The Quality Manager and Maintenance Manager will assume the role of coordinating the environmental activities.

### **Huisken Meat Company Employees can help manage this policy by performing the following:**

- Minimize waste by evaluating operations and ensuring they are as efficient as possible. (Example: Reduce Water waste, electrical waste, equipment damage.)
- Actively promote recycling.
- Report waste and safety concerns.
